QTL Series Quick Connect High Bay

Product Specifications

The QTL Series Quick Connect High Bay family features a lightweight extruded aluminum body, 4FT length, and up to 14,000 lumens resulting in a versatile solution for endless applications. TCP's Quick Connect system allows for fast, low-cost installation and produces a one-of-a-kind look in application. Adding one long, uniform run of High Bays in your warehouse can eliminate dark spots on products to help avoid "mispicks".

With the included mounting equipment, optional controls, battery backup options, and Quick Connect system the QTL Series HB by TCP is changing the game of high bay lighting. It is truly a new way to high bay.
